

TO: Rick L. Callender, Esq.**FROM:** Marta Lugo**SUBJECT:** Annual Evaluation Report for FY23
(Year 2: July 2022 – June 2023) for the
2021 Santa Clara County Multi-Jurisdictional
Program for Public Information (PPI)**DATE:** July 3, 2023

Valley Water continues to participate in the Federal Emergency Management Agency's (FEMA's) National Flood Insurance Program (NFIP) Community Rating System (CRS) program. The CRS is a voluntary incentive program that recognizes and encourages community floodplain management activities that exceed the minimum NFIP requirements.

Through the CRS, flood insurance holders in participating communities receive discounted premium rates to reflect the reduced flood risk. The three goals of the CRS are:

1. Reduce flood damage to insurable property,
2. Strengthen and support the insurance aspects of the NFIP, and
3. Encourage a comprehensive approach to floodplain management.

Background

Valley Water began participating in the CRS program in 1998. Since Valley Water is not a land-use agency, it is not considered an NFIP community and does not technically qualify to participate in the CRS program. However, in 1998, Valley Water staff worked with FEMA to create a "fictitious community" status for Valley Water. It is a unique designation; in fact, Valley Water is the only fictitious CRS community in the nation.

Valley Water's participation as a fictitious community allows it to document qualifying flood risk reduction activities it performs throughout Santa Clara County (county). CRS credits Valley Water earns for activities within those communities are transferred to each CRS participating community, supporting savings on NFIP insurance policies within those jurisdictions.

Under the CRS program guidelines, every 500 points a community earns translates to a 5% discount on NFIP flood insurance premiums for that community's residents and businesses. Currently, 11 of the 16 communities (cities, towns, and the county) within Santa Clara County participate in the CRS program.

In its fictitious community designation, Valley Water has a CRS rating of Class 7. Many of Valley Water's CRS credits are transferable to Santa Clara County CRS participating communities. For many of our communities, Valley Water's CRS credits serve as a baseline. Between Valley Water's baseline and the CRS community's credit, NFIP flood insurance policyholders receive an average 15% discount. The average NFIP flood policy premium in Santa Clara County is approximately \$1,000, meaning that CRS participating communities save their flood insurance holders about \$150 to \$200 per year by documenting the flood risk reduction activities it performs. Participation in the CRS program generates an annual savings of approximately \$1.5M for policyholders in Santa Clara County.

The Santa Clara County Multi-Jurisdictional Program for Public Information

FEMA first introduced the Program for Public Information (PPI) as a CRS creditable activity in 2013. The PPI encourages CRS participating communities to work with local stakeholders to design a program for community outreach on flood risk reduction that best fits local needs.

Valley Water led the development of a PPI for all CRS participating communities in Santa Clara County, which resulted in the completion of the first Multi-Jurisdictional PPI adopted in 2015 (2015 PPI), a countywide collaboration outreach program that standardizes our flood risk and loss reduction outreach messages and increase communities' CRS points.

Program for Public Information Requirements

Participating communities must update the PPI every five years to maintain CRS credit. Valley Water continued its role as the lead agency in developing the subsequent 2021 Santa Clara County Multi-Jurisdictional PPI (2021 PPI). On April 27, 2021, the Valley Water Board of Directors adopted the 2021 PPI; the other CRS participating communities' governing bodies adopted the 2021 PPI soon thereafter.

In addition to updating the PPI every five years, FEMA requires an Annual Evaluation Report on PPI efforts and requires the communities to share the annual report with their governing bodies. Attached is our submittal of the Annual Evaluation Report for Fiscal Year 23 (Year 2). Below are key highlights from this fiscal year.

Key Year-2 Valley Water Accomplishments in FY 2023

FY 2023 Flood Awareness Campaign: Valley Water's award-winning flood awareness campaign continues to be the backbone of the PPI. Every year, the committee continues to increase efforts that encourage residents to prepare their personal/family emergency plans and 'Get Flood Ready.'

Valley Water's FY23 Flood Awareness Campaign theme was "Our Climate Has Changed - Be Aware, Be Prepared, Take Action" (dated 11/22). Valley Water's message emphasized its commitment to reducing flood risks and protecting the community. The campaign lasted four months, cost \$330,000, and included a multilingual floodplain mailer, social media graphics, messages for all nine flood awareness tips (PPI CRS message topics), and blog posts for all Santa Clara County communities to use. Valley Water shared the 2022-2023 Flood Awareness Outreach Partner Social Media Toolkit with all Santa Clara County cities/county, including CRS communities.

Valley Water also used its monthly newsletter, news blog, social media profiles, and videos to enhance flood awareness efforts before and during forecasted storms starting as early as September 2022. During the length of the campaign and leading up to anticipated storm events, Valley Water posted flash flood warnings, shared posts with critical messages about flood safety, and promoted the Flood Watch Tool throughout the winter.

Education Outreach Programs: Valley Water's Education Outreach includes year-round flood awareness messaging in all students' programs. In FY23, a dedicated flood-focused program was offered from October 2022 through April 2023. Valley Water's role as a flood protection agency is highlighted in all presentations so that participants know that flood protection is one of Valley Water's core objectives. In FY 2023, staff provided 233 general program presentations with 8,548 attendees and 323 educators.

In addition, Education Outreach offered three flood-focused programs that promote flood awareness and preparedness: "The Three Little Pigs and The Bad Weather Wolf," "Mapping Landforms," and "Watershed Maps." In FY 2023, staff provided 113 flood-focused presentations to 2,751 attendees and 122 educators.

Other CRS Program Outreach Initiatives: In FY 23, Valley Water piloted 'Get Flood Ready' Flood Event Kits (Flood Kits). The Flood Kits included the following items: rolling storage bins, customized and branded (both Valley Water and agencies logos) 'Get Flood Ready' banners and tablecloths, flood emergency starter kits, flood preparedness materials, stickers, and giveaway items. From late October through early November 2022, the Valley Water CRS Program distributed the Flood Kits to all communities in Santa Clara County with the aim of standardizing local flood-preparedness messaging and expanding Valley Water's 'Get Flood Ready' campaign regionally.

The PPI Committee continued to promote the American Red Cross All-Hazard App, which monitors alerts for severe weather including floods, and the [ValleyWater.org/floodready](https://valleywater.org/floodready), [Floodsmart.gov](https://floodsmart.gov) and [Ready.gov](https://ready.gov) websites.

In FY23, Valley Water's CRS Program staff provided 'Get Flood Ready' materials and participated at outreach events at the Silicon Valley Bike Coalition at the Ride Out the Drought event; the Downtown San Jose Neighborhood Association Emergency Preparedness event with the local Salvation Army;

Santa Visits Alviso Foundation. They also partnered with Sacred Heart Community Services and a local advocate for the unhoused to provide emergency starter kits and flood-preparedness materials to the communities they serve.

Valley Water's CRS Program staff made presentations and shared resources on flood preparedness at the City of Cupertino Public Safety and Community Emergency Response Team (CERT) and at a City of San Jose Neighborhood CERT event.

Valley Water's CRS Program, along with the 2021 PPI Committee will continue to promote the American Red Cross All Hazard App which monitors alerts for severe weather, including floods, and the [Floodsmart.gov](https://www.floodsmart.gov) and [Ready.gov](https://www.ready.gov) websites. The communities will distribute American Red Cross Emergency Contact Cards at events throughout the county.

To support the PPI Committee's flood preparedness messaging, Valley Water's CRS Program and communities will continue to promote the importance of having family emergency plans and emergency kits ready to go before an emergency/flood event occurs.

Conclusion

Overall, the CRS Users Group/PPI Committee successfully implemented the 2021 PPI in FY23. The 2021 PPI facilitated participating communities to mutually decide on which flood-risk reduction messages are most appropriate moving forward and identified means by which messages are effectively delivered.

The objectives of participating in the 2021 PPI continue to reduce flood risks and earn valuable CRS credit points by continually enhancing the effectiveness of the flood-preparedness messaging to Santa Clara County. Valley Water's CRS Program staff, the CRS Users Group, and 2021 PPI Committee will continue their work efforts through FY24.

Please direct questions about the PPI Annual Evaluation Report to Don Rocha, External Affairs Assistant Deputy Administrative Officer at (408) 630-2338.

Santa Clara County Multi-Jurisdictional Program for Public Information 2021

Annual Evaluation Report for FY23

(Year 2: July 2022 to June 2023)

July 2023

Prepared by:

Santa Clara Valley Water District

and

Santa Clara County CRS communities

I. INTRODUCTION

The Community Rating System (CRS) is a voluntary program of the Federal Emergency Management Agency's (FEMA) National Flood Insurance Program (NFIP). The CRS program allows communities to earn flood insurance premium discounts for their residents and businesses by implementing local mitigation, floodplain management, and outreach activities that exceed the minimum NFIP requirements to reduce the risk of flooding.

In Santa Clara County, 11 (eleven) communities, including Santa Clara Valley Water District (Valley Water) have actively participated in the FEMA NFIP CRS for over 30 years.

The CRS participating communities (CRS communities) are City of Cupertino, City of Gilroy, City of Los Altos, City of Milpitas, City of Morgan Hill, City of Mountain View, City of Palo Alto, City of San Jose, City of Santa Clara, City of Sunnyvale, and the Santa Clara Valley Water District (Valley Water).

CRS communities, along with their external non-governmental stakeholders, non-CRS communities: *City of Saratoga, Town of Los Altos Hills, Town of Los Gatos, and the County of Santa Clara* who opted to join the 2021 Program for Public Information (PPI), comprised the 2021 PPI Committee. The original 2021 PPI Committee is listed in *Table 1. Original Members of the Santa Clara County Multi-Jurisdictional 2021 PPI Committee* of the 2021 PPI (*Attachment 1*). Since the development of the 2021 PPI, there may have been changes to the community's original 2021 PPI Committee members (*either the internal representatives to the organization and/or the external stakeholders*). Those member changes are noted on the meeting attendance sheets.

For CRS credit, FEMA requires that each CRS community provide at least two representatives to the regional PPI Committee, with at least half of the representatives from outside the local government. Additionally, at least half of the representatives must attend all the meetings of the regional PPI Committee. Non-CRS communities are also required to provide an external stakeholder.

An important benefit of the PPI Committee's work is close collaboration between local public agency staff who work on flood protection throughout Santa Clara County. Together, PPI Committee members continue strengthening their individual CRS programs and ensuring communities can evaluate their flood programs against a nationally recognized benchmark.

The 2021 PPI Committee, the remaining non-CRS communities (City of Campbell and City of Monte Sereno), and other interested parties make up the Santa Clara County CRS Users Group.

The Santa Clara County CRS Users Group collaborates to ensure floodplain management activities provide enhanced public safety, reduced damage to property and public infrastructure, and avoidance of economic disruption and loss in Santa Clara County. Through the five-year PPI development and the annual reporting process, members of the SC County CRS Users Group learn from one another about local floodplain management activities, including flood protection and land use issues. For both the Santa Clara County CRS Users Group and the 2021 PPI Committee, the PPI is one of the most impactful activities of the CRS program.

Under the CRS program, flood insurance premium rates are discounted to reward CRS communities' actions that meet the three goals of the CRS:

- (1) reduce flood damage to insurable property
- (2) strengthen and support the insurance aspects of the NFIP; and
- (3) encourage a comprehensive approach to floodplain management.

Flood insurance premiums for CRS communities are reduced in 5% increments for every 500 CRS points earned. As of April 30, 2023, the total savings for Santa Clara County residents from CRS discounts is approximately \$1.5 million.

Santa Clara County 2021 Multi-Jurisdictional Program for Public Information Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)

Valley Water is the lead flood risk reduction agency for Santa Clara County. Valley Water performs many flood preparedness outreach and stream stewardship/maintenance activities that earn credit points for CRS communities. Since Valley Water is not a land-use agency, the points Valley Water earns, as a “fictitious community, provide a foundation upon which the CRS communities can build. FEMA approved this unique arrangement with Valley Water in 1998.

The *CRS Coordinator’s Manual, 2013 Edition*, included the option to undertake a Program for Public Information (PPI) which is a method that standardizes our flood risk and loss reduction outreach messages and increase communities’ CRS points. Each participant of the PPI Committee brings unique perspectives and suggestions that enhance the PPI. Each community must adopt the PPI through a formal vote by the community’s governing body.

In 2013, Valley Water initiated and facilitated the effort to develop the first Multi-Jurisdictional PPI so that all Santa Clara County CRS communities could work together and benefit from this activity. Non-CRS communities were also invited to participate in the development of the PPI. This work effort resulted in the 2015 Multi-Jurisdiction PPI (2015 PPI).

On April 14, 2015, Valley Water’s Board adopted the 2015 PPI, which sunset in April 2020. Following Valley Water’s lead, the other CRS communities’ governing bodies adopted the 2015 PPI soon thereafter.

Under the CRS, the PPI must be updated every five years. Each subsequent year after adopting the PPI, the PPI Committee must submit an annual evaluation report to FEMA describing the PPI implementation for the prior fiscal year. The PPI Committee must evaluate whether the flood risk reduction messages in the PPI are still relevant and adjust the PPI, if needed. The annual evaluation report is shared with each CRS community’s governing body as an informational item.

As required, annual evaluation reports for FY16 (Year 1 of the 2015 PPI) through FY19 (Year 4 of the 2015 PPI) were prepared, sent to each CRS community’s governing body, and included in each community’s respective annual recertifications or as part of a community’s documentation for those that were cycled on any given year.

In FY20 (Year 5 of the 2015 PPI), the PPI Committee was required to update the 2015 PPI. The Insurance Services Office (ISO), FEMA’s CRS program management contractor, exempted the PPI Committee from submitting an annual evaluation report for FY20 (Year 5 of the 2015 PPI) as the committee focused on updating the document.

In February 2020, Valley Water hosted the start of the five-year PPI updated process. Fifteen Santa Clara County communities worked together to update the 2015 PPI. These communities included the current 11 CRS communities as well as four non-CRS communities that expressed interest in joining the 2015 PPI and possibly the CRS program. Staff and external stakeholders from each agency participated in developing the new PPI.

In March 2020, the Coronavirus (COVID-19) outbreak started. The California State Emergency Services Act, the Governor’s Emergency Declaration related to the COVID-19 pandemic, the Governor’s Executive Order N-29-20, and Order of the County of Santa Clara Public Health Officer dated March 16, 2020, went into effect.

The COVID-19 pandemic caused far-reaching, unprecedented changes. Businesses and organizations faced economic and operational uncertainty across every industry and sector. The workforce impacts during COVID-19 caused delays beyond control, including the PPI Committee’s ability to continue its work of updating the 2015 PPI. Many communities shifted priorities to respond to the public health crisis; therefore, FEMA provided an extension of completing the update to the 2015 PPI to early 2021.

The 2021 PPI Committee reconvened in October 2020 to resume the 2015 PPI update. Several virtual meetings followed until the 2021 PPI Committee completed the 2021 PPI in April 2021. The 2021 PPI was adopted by CRS communities, as indicated in *Table 1. Dates 2021 PPI Adopted*.

II. 2021 PPI DEVELOPMENT PROCESS

Valley Water, CRS and non-CRS communities initiated the 2021 PPI process in February 2020. Due to

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

COVID-19, discussions were postponed, and reinitiated the process in October 2020. The Santa Clara County 2021 Multi-Jurisdictional Program for Public Information document was completed in April 2021 (refer to Section I. Introduction for COVID-19 related delays).

Virtual meetings were held between 2020 and 2021 to develop the 2021 PPI. FEMA's six priority topic messages and the three additional messages identified in the 2015 PPI carried forward into the 2021 PPI. The 2021 PPI Committee felt all nine topics and supporting messages were still relevant for reaching Santa Clara County residents and ensuring they are Flood Ready.

The below listed is Table 3 in the 2021 PPI: CRS Priority Messages

Topic Number	Topic message	Public Message (Select one message per topic)
TOPIC #1	Know your flood hazard	<ul style="list-style-type: none"> • Know your flood risk • Contact your floodplain manager to find out if your property is in a floodplain • Check if your home or business is in a Special Flood Hazard Area
TOPIC #2	Insure your property for your flood hazard	<ul style="list-style-type: none"> • Get flood insurance ahead of time • Insure your property • There is a 30-day waiting period for the policy to take place
TOPIC #3	Protect people from the flood hazard	<ul style="list-style-type: none"> • Put your 3-day emergency kit together • Follow evacuation orders • Learn the best route to high ground
TOPIC #4	Protect your property from the flood hazard	<ul style="list-style-type: none"> • Protect your home from flood threats • Prepare your home • Sandbags can offer protection against a foot or less of floodwater • Get sandbags before a flood
TOPIC #5	Build responsibly	<ul style="list-style-type: none"> • Build responsibly in floodplains • Comply with development requirements • Check with your city/county floodplain manager before you build
TOPIC #6	Protect natural floodplain functions	<ul style="list-style-type: none"> • Keep creeks clean and flowing • Keep debris and trash out of our streams • Don't pollute, dump, or drain anything in creeks
Additional Outreach Topic Messages (only one message per topic)		
TOPIC #7	Develop an emergency plan	<ul style="list-style-type: none"> • Develop an emergency plan
TOPIC #8	Download disaster apps	<ul style="list-style-type: none"> • Download disaster emergency apps
TOPIC #9	Understand shallow flooding risks— don't drive through standing water	<ul style="list-style-type: none"> • Understand shallow flooding risks - don't drive through standing water

The 2021 PPI Committee worked between the meetings to draft the 2021 PPI and review the extensive list of outreach and flood response projects (*Attachment 2*).

Based on the 2021 PPI Committee's evaluation of the 2015 PPI, the consensus was that most of the 2015 PPI flood risk reduction messages were still relevant, so only minor edits were incorporated as needed. This became the basis for the 2021 PPI; therefore, no additional FEMA review was required, as the 2015 PPI already ensured its provisions were fully compliant with FEMA requirements.

The number of CRS points that the 2021 PPI activities will earn is determined by FEMA's CRS Specialist and Technical Reviewers from ISO. The PPI Committee estimates that of the possible 350 points for Activity 330, each CRS communities could earn up to 300+/- points for PPI efforts.

Once Valley Water approved the 2021 PPI (5-Year Plan), the final document was provided to the 2021 PPI Committee to present to their governing bodies for adoption and implementation. *Table 1. Dates of 2021 PPI Adoption* shows the 2021 PPI approval dates by each agency; all 11 CRS communities have

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

adopted the 2021 PPI.

Table 1. Dates 2021 PPI Adopted

Community	Date Presented	Adopted
Santa Clara Valley Water District	4/27/21	X
City of Cupertino	8/17/21	X
City of Gilroy	7/01/21	X
City of Los Altos	7/13/21	X
Town of Los Altos Hills (*non-CRS community)	Not required	Not required
Town of Los Gatos (*non-CRS community)	Not required	Not required
City of Milpitas	5/18/21	X
City of Morgan Hill	6/16/21	X
City of Mountain View	6/22/21	X
City of Palo Alto	6/14/21	X
City of San Jose	11/16/21	X
City of Santa Clara	7/06/21	X
County of Santa Clara (*non-CRS community)	Not required	Not required
City of Saratoga (*non-CRS community)	Not required	Not required
City of Sunnyvale	6/29/21	X
Total Approved		11

**Non-CRS communities are encouraged to participate in Santa Clara County CRS Users Group and/or PPI Committee ongoing efforts and initiatives; however, for those that opted to participate in the 2021 PPI, are not required to adopt the PPI or share annual evaluation reports with their governing bodies.*

III. ANNUAL EVALUATION REPORTS

The 2021 PPI states that the 2021 PPI Committee will meet at least once yearly to evaluate the PPI and incorporate any needed revisions. This meeting is coordinated in conjunction with the ongoing CRS User's Group meetings, which occur at least twice a year.

The evaluation will cover the following:

- Review of projects that were completed;
- Evaluate progress toward outcomes;
- Provide recommendations on projects that have not been completed;
- Provide recommendations for new projects not previously identified;
- Address any Target Audience changes; and
- Assess the impact of the program during an actual flood event if one has occurred.

The 2021 PPI Committee prepares the annual evaluation report for submission with each CRS community's annual CRS recertification package (or schedule 5-year cycle visits). The annual evaluation report is then shared with each CRS communities' governing body as an informational item.

Section V. 2022 Santa Clara County CRS Users Group/PPI Committee Meetings – Monitoring and Evaluating the 2021 PPI of this annual evaluation report summarizes the meetings held to develop the FY23 Annual Evaluation Report (Year 2 of the 2021 PPI).

Table 2 below shows how each community expects to share the FY23 Annual Evaluation Report with its governing body.

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

Table 2. How the 2021 PPI Annual Evaluation Report for FY23, Year 2 will be shared with Community's Governing Body

Community	Method for Sharing
Santa Clara Valley Water District	Board Non-Agenda Item
City of Cupertino	Consent Item Council Agenda
City of Gilroy	Consent Calendar
City of Los Altos	Council Consent Calendar or Informational Staff Report
Town of Los Altos Hill (<i>*non-CRS community</i>)	Not required
Town of Los Gatos (<i>*non-CRS community</i>)	Not required
City of Milpitas	Memo to City Council
City of Morgan Hill	Council Consent Calendar
City of Mountain View	Council Weekly Update "Council Connection"
City of Palo Alto	Informational Staff Report
City of San Jose	Council Consent Calendar
City of Santa Clara	Council Consent Calendar
County of Santa Clara (<i>*non-CRS community</i>)	Not required
City of Saratoga (<i>*non-CRS community</i>)	Not required
City of Sunnyvale	City Manager's "Update Sunnyvale"

**Non-CRS communities are not required to share annual evaluation reports with their governing bodies.*

IV. 2021 PPI ACCOMPLISHMENTS FOR FY23

The 2021 PPI Committee identified three efforts needed from each CRS community in order to prepare and finalize subsequent annual evaluation reports.

1. Governing bodies must adopt the 2021 PPI (*Table 1. Dates 2021 PPI Adopted*). The 2021 PPI Committee must prepare an annual evaluation report and share the reports with its governing body as informational items (*Table 2. How the 2021 PPI Annual Evaluation Report for FY23, Year 2 will be shared with Community's Governing Body*).
2. For each fiscal year (*July 1 - June 30*), the communities must carry out and monitor the implementation of the outreach/flood response projects identified in Appendix A CRS Creditable Outreach and Flood Response Projects by CRS Community of the 2021 PPI (*Attachment 2*).
3. The PPI Committee must review and consider the 'New Initiatives' identified in the 2021 PPI (*page 66*) for advancing flood risk reduction efforts.

Governing Bodies Approval: Including Valley Water, all 11 CRS communities' governing bodies adopted the 2021 PPI. The approval dates are shown by each agency (Community) in *Table 1. Dates of 2021 PPI Adopted* noted above.

Tracking System: The 2021 PPI is multi-jurisdictional and includes 15 agencies (*11 CRS communities and four non-CRS communities*). Tracking implementation is quite complex compared to a single-agency PPI. As the informal lead agency, Valley Water oversees the record-keeping to ensure consistency throughout the county. An electronic file-sharing system, Egnyte, is set up with folders for each community to file and share documents related to the 109 potential outreach/flood response projects identified in the 2021 PPI and all CRS-related documentation. This also includes a comprehensive spreadsheet tracking which lists projects that were accomplished in any given fiscal year by each individual community (*Attachment 2*). This spreadsheet, along with the annual evaluation report, will be submitted with annual CRS recertifications or as part of scheduled 5-year cycle visits.

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

ISO assigns credit for Valley Water outreach/flood response projects to all Santa Clara County CRS communities' ratings. Some communities also choose to carry out and report on their own outreach/flood response projects, in addition to those of Valley Water. These projects are shown on the composite spreadsheet (*Attachment 2 - Appendix A from 2021 SC County Multi-Jurisdictional PPI noting FY23 Project Accomplishments*) and include input from each agency.

The PPI Committee discussed the benefits of using the Egnyte shared-filing system for tracking the 2021 PPI outreach/flood response projects and all CRS-related documentation. The PPI Committee also discussed the importance of ensuring each agency regularly uploads its CRS documentation. These benefits are:

- Information Share/Knowledge Transfer: CRS communities can view each other's program documentation. When a community improves its CRS rating, another community can access the documents submitted to determine how the CRS credited activities helped improve the score.
- Document Repository: A central location for CRS-related documentation, organized to mirror the CRS Coordinator's Manual (by community/activity/element), proves helpful when a community experiences staff turnover.
- Documentation Submittals: CRS documents are organized and easy to share with the CRS Specialists conducting cycle visits and/or annual recertification.

Summary of PPI Projects Accomplished in FY23

The complete list of outreach/flood response projects is included as Attachment 2 of this annual evaluation report, listing all projects proposed in the 2021 PPI, with a "Project Accomplishments" column noting actions taken during the second year of the PPI, FY23.

Audiences	Projects Accomplished	
Community at Large (CAL)	81 potential projects, 63 accomplished	
Residents and Businesses in the Special Flood Hazard Area (SFHA)	18 potential projects, 16 accomplished	
Messengers to Other Target Audiences (Organizations & Businesses Serving the Community)	10 potential projects, 10 were accomplished	
	*Total Accomplished Projects	89 of 109

** Note: All projects carried out by CRS communities were accomplished in FY23. Variance in the number of potential projects versus accomplished projects is due to no updates received from non-CRS communities, which is not required for this annual evaluation report.*

These numbers go well beyond the minimum requirements of the CRS program for PPI credit under Activity 330; we anticipate all CRS communities will receive the maximum number of credits for our collective efforts in FY23.

Valley Water's Outreach/Flood Response Projects

Annual Flood Awareness Campaign

Valley Water's FY23 Flood Awareness Campaign theme was "Our Climate Has Changed." It launched after the ¹Fourth National Climate Assessment was published; there could not have been a better time for this conversation. The federal report assessed that intense extreme weather and climate-related events are becoming more frequent and will have catastrophic impacts on vulnerable communities, infrastructure, ecosystems, and our economy. Extreme storm events could result in more frequent and severe flooding in our region. Valley Water's message emphasized its commitment to reducing flood risks and protecting the community but acknowledged that we cannot eliminate all risks. Thus, our communities must adapt and prepare; and it starts with being informed and aware of risks.

¹ US Global Change Resource Program (USGCRP) has a legal mandate to conduct a state-of-the-science synthesis of climate impacts and trends across U.S. regions and sectors every four years, known as the National Climate Assessment (NCA).

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

An educational paid advertising campaign supplemented Valley Water's community outreach effort. The advertising campaign was supported by a series of formative research to understand target audiences and their awareness levels and explore what educational messages and images most appealed to them.

The Flood Awareness Campaign lasted four months, from mid-November 2022 to February 2023. The paid advertisement campaign cost a total of \$330,000.

Valley Water's FY23 Annual Flood Awareness Campaign continued the shift from general digital and public space advertising to a series of direct mailings to the 51,120 homes and businesses in Santa Clara County's FEMA SFHA.

Valley Water sent two separate targeted mailers to all homes and businesses in or near a high-risk flood area, as designated by the FEMA SHFA. The mailers were multilingual (English, Spanish, Chinese, and Vietnamese) and are posted on Valley Water's website.

1. Annual Floodplain Mailer (FPM) - Valley Water's multi-language (English, Spanish, Chinese, and Vietnamese) annual FPM "Our Climate Has Changed - Be Aware, Be Prepared, Take Action" (dated 11/22) mailed on November 28, 2022. <https://online.flipbuilder.com/tkap/tmie/>
2. Trifold "You Live in a Flood Zone— Make Sure You Are Ready. Do You Know What to Do Before, During, and After a Flood?" mailed on January 6, 2023. <https://online.flipbuilder.com/tkap/zmx/>

Additionally, Valley Water's FY23 Countywide Mailer (CWM) included a 'Floods Can Follow Droughts' section and was sent starting November 8 through 18, 2022, countywide to 744,025 addresses (USPS: ECRWSS - Extended/Enhanced Carrier Route Walking Sequence Saturation Postal Customer). The CWM includes flood protection and preparedness measures information, knowing your flood risk, getting flood insurance, developing an emergency plan and kit, protecting your home from flood threats, signing up for AlertSCC and the American Red Cross Disaster Emergency App, and understanding shallow flooding – Turn Around Don't Drown®. https://s3.us-west-1.amazonaws.com/valleywater.org.us-west-1/s3fs-public/2022-10-26_Drought%20Countywide%20Mailer.pdf

Lastly, 'Are You Flood Ready?' multilingual postcards that included the nine CRS topics and supporting messages, and links to various flood readiness/preparedness webpages were produced and distributed. <https://www.valleywater.org/are-you-flood-ready>

Requested copies of the FPM, postcards, and trifold mailers were sent to all Santa Clara County cities and county Public Works and Planning Departments.

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

In mid-November 2022, Valley Water's 2022-2023 Flood Awareness Outreach Partner Social Media Toolkit, 'Our Climate Has Changed,' was made available for download to all partnering agencies, including CRS communities. The toolkit provided links to the multilingual annual FPM, the 'Flood Can Follow Droughts' 2001-2023 Timeline, the 'Are You Flood Ready?' postcard, social media graphics and videos that included messages for all nine flood awareness tips (PPI CRS message topics), and blog posts for all Santa Clara County communities to use. <https://www.dropbox.com/s/p438zrw8lwi614r/Flood%20Awareness%202022-2023%20Partner%20Toolkit.pptx?dl=0>.

Valley Water HQ Lobby Displaying Flood Readiness Materials

Santa Clara County 2021 Multi-Jurisdictional Program for Public Information Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)

During FY23, Santa Clara County experienced a drought emergency. Valley Water's annual FPM reminded everyone that flooding can happen anytime it rains and that climate change has made extreme weather the new normal. Drought conditions can harden the ground and increase run-off to streams and creeks during the first few days of heavy rain, increasing the risk of flooding. In addition, the flood mailer showcased Valley Water's ongoing flood protection projects in areas susceptible to flooding.

In FY23, the FPM featured a QR code, a cling with important flood safety websites, a detachable emergency phone list, photos of our most recent flood protection projects, and a graphic image displaying how historical floods have followed droughts in Santa Clara County (see below attached "Santa Clara County Floods & Droughts Timeline [2001-2023]").

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

Valley Water also deployed a small-scale multilingual social media campaign, with the slogan "Flooding can happen during a drought," on social media and web platforms. The campaign launched in Winter FY23, starting with the season's first rains, and continuing through March 2023.

A key strategy for the paid flood awareness campaign was incorporating the 2021 PPI 6 priority topics and the three additional outreach topics, including messages supporting the nine topics, in Valley Water ads. Staff crafted messages derived from Valley Water's annual FPM to residents in the SFHA. Additionally, the Valley Water Board of Directors shared posts on Nextdoor highlighting the "Flooding can happen during a drought" messaging and the nine CRS topics in Winter 2022-23. Valley Water also posted a flood preparedness blog, a digital copy of the FPM, and a guide on what to do before, during, and after a flood.

Valley Water 2022-23 Flood Media Campaign (*October 2022 – February 2023*)

Target: Santa Clara County residents

Objective: Flood Awareness for All SCC Residents

Digital ads targeted residents and commuters in or near the SFHA, using zip codes from published FEMA flood maps.

The Media Plan

MEDIA PLATFORM:	TARGET:	BUDGET	\$\$ SPENT	IMPs	CPM
Digital Banners (four languages)	Zip Codes	\$18,000	\$18,000	6,246,254	\$2.88

Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

FY 23 Flood Awareness Campaign Results

Valley Water also used its monthly newsletter, news blog, and social media profiles to enhance flood awareness efforts before and during forecasted storms starting as early as September 2022. During the length of the campaign and leading up to anticipated storm events, Valley Water posted flash flood warnings, shared posts with critical messages about flood safety, and promoted the Flood Watch Tool throughout the winter.

Valley Water's flood protection resources page at ValleyWater.org/floodready serves as a hub of flood safety information with icons leading to a series of related web pages, including information on flood zone maps, signing up for emergency alerts, sandbags, reporting local flooding, and safety tips.

All cities and the county were requested to add a link redirecting site visitors from their respective flood protection resource pages and/or homepage to ValleyWater.org/floodready, Floodsmart.gov, and Ready.gov.

All Santa Clara County communities received hard copies of Valley Water's FPM, postcard, and trifold for their outreach efforts.

Valley Water shared the 2022-2023 Flood Awareness Outreach Partner Social Media Toolkit with all Santa Clara County cities/county, including CRS communities. The toolkit provided links to the multilingual annual FPM, social media graphics, messages for all nine flood awareness tips (PPI CRS message topics), and blog posts for all communities to use.

The 2022-2023 post-Flood Awareness Campaign survey found:

- 39% recalled receiving mail with information about flood safety (59% in 2021-22).
- 64% are confident they have taken all necessary precautions to protect themselves from floods (76% in 2021-22).
- 43% rate the job Valley Water is doing at keeping them informed as excellent, good, or fair (61% in 2021-22).
- 48% are aware that their home was located in a flood zone awareness over last year (56% in 2021-22).
- 39% of respondents clearly understood Valley Water's three main calls to action to be Flood Ready [*develop an emergency plan, build an emergency kit, and get flood insurance*] (58% in 2021-22).
- 39% of respondents have flood insurance; 15% of renters polled have insurance (51% in 2021-22).

The results above demonstrate an effective campaign that is less expensive than general advertising, yielding a savings of approximately \$150,000 with more robust results. Based on the findings, we will continue with targeted mailings to the FEMA SFHA as our outreach strategy for the flood awareness campaign rather than targeted advertising.

Flood Emergency Starter Kit Distribution

Pilot 'Get Flood Ready' Flood Event Kits (Flood Kits) were distributed to all cities and the county from late October through early November 2022. The Flood Kits included the following items: rolling storage bins, customized and branded (both Valley Water and agency's logos) 'Get Flood Ready' banners and tablecloths, flood emergency starter kits, flood preparedness materials, and giveaway items. The Flood Kits will standardize local flood-preparedness outreach throughout the county and expand Valley Water's 'Get Flood Ready' campaign.

In addition to the Flood Kits, CRS will increase and broaden our flood-preparedness outreach to underserved communities by partnering with other community organizations to distribute multilingual flood-preparedness materials and flood emergency starter kits.

This year, Valley Water acquired 6,000 flood emergency starter kits (Starter Kits). These Starter Kits will be distributed by all Santa Clara County communities and Valley Water's CRS and other public-facing programs.

The Starter Kits include essential supplies, such as a hand squeeze flashlight, rain poncho, safety whistle, N95

Santa Clara County 2021 Multi-Jurisdictional Program for Public Information Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)

mask, and gloves. These popular Starter Kits encourage the community to 'Get Flood Ready' by developing an emergency plan and putting together a more comprehensive three-day emergency kit.

CRS communities Outreach/Flood Response Projects

The 2021 PPI Committee identified the outreach/flood response projects for each community. The implementation of these projects is reflected in the 'FY 2023 (Year 2 of the 2021 PPI) Project Accomplishments' column of Attachment 2.

Valley Water Education Outreach Program

Valley Water's Education Outreach includes flood awareness messaging in every program presented year-round. A dedicated flood-focused program is offered from October through April, depending on the rainfall situation in any given year.

Valley Water's role as a flood protection agency is highlighted in all presentations so that participants in the Education Outreach Programs know that flood protection is one of Valley Water's core objectives in Santa Clara County.

Flood-focused Programs

Education Outreach has three programs focusing on flood awareness and preparedness: 'The Three Little Pigs and The Bad Weather Wolf,' 'Mapping Landforms,' and 'Watershed Maps.'

In FY23, Valley Water more than doubled its flood-focused programs from FY22. A high demand for in-person programs brought us back into the community and schools; therefore, we added a third flood-focused program, 'Mapping Landforms,' for 1st - 2nd grades. The demand for flood-focused programs was due to the unusually long rainy season extending into April 2023.

The results of Flood-focused programs delivered between October 2022 and April 2023 are as follows:

- 113 Presentations
- 2,751 Attendees
- 122 Educators

Flood Awareness Messaging

In addition to the Flood-focused Programs, the Education Outreach Program provided additional flood awareness messaging in their general classroom presentations, STEAM (*Science, Technology, Engineering, Art, and Math*) programs, libraries, and camp programs.

The results of the general flood protection messaging between October 2022 and April 2023 are as follows:

- 233 Presentations
- 8,548 Attendees
- 323 Educators

Community Events and Engagement

Booth Support at Events

Valley Water staff made a concerted effort to actively participate in community events, including community festivals and emergency preparedness affairs, particularly in communities and neighborhoods in or near flood zones. In FY23 (*from September 2022 – May 2023*), both Valley Water and the communities staff hosted 18 booths

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

and distributed flood preparedness information on flood safety and emergency preparedness materials, including Valley Water's annual FPM. Those events are listed below.

1. 2022 Santos Family 16th Annual Car Show-9/3/22 Alviso, CA
2. Emergency Preparedness Resource Fair-9/10/22 San Martin, CA
3. Mountain View Art & Wine Festival-9/11/22
4. Assembly Member Ash Kalra's VeggieFest-9/17/22 San Jose, CA
5. Rotary Club Fall Festival-9/24/22 Cupertino, CA
6. Friends of Stevens Creek Trail Trailblazer Race-9/25/22 Mountain View, CA
7. Fall Festival at Martial Cottle Park-10/1/22 San Jose, CA
8. Santa Clara Parade of Champions-10/1/22
9. Pumpkins in the Park-10/8/22 San Jose, CA
10. Bay Area Diwali Festival of Lights-10/8/22 Cupertino, CA
11. Supervisor Lee's Day on the Bay-10/8/22 Alviso, CA
12. Santa Visits Alviso-12/10/22
13. AAUW Wildflower Run-3/26/23 Morgan Hill, CA
14. VMC Foundation Women's Leadership & Policy Summit-4/29/23 Saratoga, CA
15. Tech Interactive Tech Challenge-4/30/23 San Jose, CA
16. Berryessa Art Festival-5/13/23
17. San Jose Giants-5/13/23
18. Campbell Boogie Music Festival, 5/20/23-5/21/23

Speakers Bureau Program

In FY23, [Valley Water's 'Let's Talk Water: Speakers Bureau Program'](#) reached the 18 organizations listed below. All general presentations include mention of flood protection, the need to 'Get Flood Ready' regardless of the county's drought status, and links to Valley Water's 'Flood Ready' information and resources webpage (ValleyWater.org/floodready), and the hotline to call to report obstructions in creeks.

Valley Water's Speakers Bureau Program can customize presentations to update community groups on water-specific issues and provide updates on projects in their area. 'Let's Talk Water' also discusses local water conservation efforts and rebate programs. The FY23 presentations that included flood preparedness information are listed below.

1. October 13, 2022 – City of San Jose Board of Retirees meeting
2. October 20, 2022 – Palo Alto Kiwanis meeting
3. October 22, 2022 – Greentown Los Altos Library event
4. November 3, 2022 – Harbor Industrial Association luncheon
5. December 6, 2022 – RE/MAX Realtor informational meeting
6. January 4, 2023 – Mount Pleasant Neighborhood Assoc meeting
7. January 18, 2023 – Cupertino Library presentation hosted by Cupertino Library Foundation
8. February 9, 2023 – Sons in Retirement: Branch 54 monthly meeting
9. February 13, 2023 – Rotary Club of Evergreen Valley meeting
10. February 14, 2023 – Santa Clara County: Sustainability Working Group presentation
11. March 1, 2023 – Seven Trees Neighborhood Association meeting
12. March 6, 2023 – Leadership Morgan Hill presentation
13. March 9, 2023 – Presentation during Mountain View Senior Center afternoon workshop
14. March 23, 2023 – Mission San Jose Rotary Zoom meeting
15. April 6, 2023 – Water 101 Academy presentation
16. April 11, 2023 – Presentation during Terraces Los Gatos monthly speaker series
17. May 4, 2023 – West San Jose Kiwanis meeting
18. May 19, 2023 – Rotary Club of San Jose Silicon Valley

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

Other Community Engagement Efforts

Valley Water partnered with the Silicon Valley Bike Coalition at the Ride Out the Drought event held on October 15, 2022; the Salvation Army on October 22, 2022; Santa Visits Alviso Foundation on December 7, 2023; Sacred Heart Community Services on February 8, 2023, and Ms. Gail Osmer, homeless advocate, on March 15, 2023 by providing and/or distributing FEMA, US Army Corps of Engineers, and Valley Water multilingual flood preparedness educational materials, flood insurance promotion, AlertSCC, American Red Cross All-Hazard APP, and emergency preparedness starter kits which supports Valley Water's 'Get Flood Ready' campaign.

Additionally, presentations on flood preparedness were made at the City of Cupertino Public Safety and Community Emergency Response Team (CERT) held on October 26, 2022, and at the City of San Jose Neighborhood CERT event held on November 15, 2022. Flood resources were also shared at these events.

**V. 2023 SANTA CLARA COUNTY CRS USERS GROUP/PPI COMMITTEE MEETINGS –
MONITORING AND EVALUATING THE 2021 PPI**

The FY23 Santa Clara County CRS Users Group/PPI Committee meetings were held on March 21, 2023, and May 16, 2023. Attendance was good and quorum was met with staff from the 11 CRS communities for both meetings. Staff from some non-CRS communities, external stakeholders, and other interested parties were also in attendance. Agendas/minutes, and attendance sheets for each meeting are included (*Attachments 3-6*).

As required by CRS, the objective for both the March and May 2023 meetings was to monitor the implementation of the 2021 PPI, determine if the desired outcomes were achieved, and discuss if any changes to the 2021 PPI were needed to complete this annual evaluation report. The PPI Committee agreed that the 2021 PPI messaging and projects would remain the same for the duration of the 2021 PPI, which sunsets in 2026.

At the March 21, 2023, meeting, a draft FY 2023 (Year 2 of the 2021 PPI) Project Accomplishments worksheet was shared with the PPI Committee for their review/input.

The PPI Committee:

- Assessed whether the desired outcomes of the 2021 PPI were achieved in FY23 and what, if anything, should be changed. The consensus of the PPI Committee is that our 2021 PPI implementation for FY23 continues to be on target and that no changes are needed. Cities with the PPI approved by their elected officials reported receiving strong support.
- Reviewed which communities have adopted the 2021 PPI. Ensured that those communities who have adopted the PPI have all the conformed/enacted copies and supporting documentation in their respective governing bodies uploaded into Egnyte and a copy sent to Valley Water.
- Provided instruction on how communities will submit their updates to Appendix A of the 2021 PPI to Valley Water for consolidating annual evaluation report, including the spreadsheet (*Attachment 2*).
- Communities were informed that all updates were due by the next CRS Users Group Meeting or sooner.
- Reviewed and discussed 'Other New Initiatives' identified in the 2021 PPI (*see below, Section VI. Future Messaging – Other New Initiatives*).

Amy Fonseca, Valley Water CRS Program Administrator asked the group to share any ideas they may have on how we could carry out a new initiative as a group.

Initiative #1 - Continue and expand the standardized flood message prepared for each community to include flood messages in utility bills yearly, including PG&E

- Utility bills will continue to be offered by Valley Water.
- The PPI Committee decided to continue discussion of this initiative discussion to the May 16, 2023, meeting; Valley Water's as Communications would be providing an update of the FY23 Flood Awareness Campaign which those results could impact and guide initiative actions.

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

Initiative #2 - Expand on partnerships with local chambers of commerce to disseminate and share flood preparedness information

- Group was asked if anyone have any ideas or contacts to share? For example, the Santa Clara County Chamber of Commerce. Does anyone have any contacts with them? Who are these events catered to?
- Beginning of FY23-24 flood season, we will work together to coordinate something county-wide or locally?

Initiative #3 - Expand on outreach to the Asian and Latino communities who live in flood prone areas

- Group was asked if they had any ideas to expand outreach Asian or Latino communities in your areas that have been impacted by flooding?

Paola Giles, Valley Water Communications offered that we could reach out to school districts (specific schools with the Asian/Latino demographics), libraries, recreational and senior centers.

Jenn Chu, City of Cupertino mentioned that their Safe Routes to School Coordinator meets with schools and provides flyers, communications.

- Valley Water shared the ArcGIS Online: Valley Water Open Data <https://data-valleywater.opendata.arcgis.com/>, a free public data and resource. We demonstrated the Disadvantaged Community Web Mapping Application layer: <https://gis.valleywater.org/portal/apps/webappviewer/index.html?id=9c12e4acd60d4e14a4839ce01fcc8bc2>.

Initiative #4 - Expand on outreach to “hot spot” flood-prone areas by hosting on-site or virtual events

Pointed out that the ArcGIS tool has several layers, including Santa Clara County Low Income Census Tracts (Poverty Zones) and Valley Water Flood Hot Spots. If any community is interested in accessing this information, reach out to Valley Water. We asked the group if there was any overlap of Valley Water’s hot spots versus their jurisdiction’s hot spots?

Initiative #5 - Expand on reaching local homeowners associations (HOA)s and apartment associations (i.e., Executive Council of Homeowners [ECHO])

Shared with the group that Valley Water’s Speakers Bureau: Valley Water’s ‘Let’s Talk Water: Speakers Bureau Program (<https://www.valleywater.org/learning-center/lets-talk-water-speakers-bureau>) offers presentations on the history of Valley Water and how we operate and includes information on flood preparedness. Presentations can be customized for groups, as requested.

Steve Golden, City of Los Altos suggested communities could assist with providing contacts for HOA’s and property management companies that interact with renters.

Initiative #6 - Expand on reaching residents in marginal and low-income communities through partnering with organizations that reach these communities (i.e., Second Harvest Food Bank and others)

Demonstrated the ArcGIS Disadvantaged Community Application Map Tool Santa Clara County Low Income Census Tracts (Poverty Zones) layer

Initiative #7 - Communities could pursue FEMA Matching Funds Grants for severe Repetitive Loss Areas

This is something we could possibly investigate in future years; as was mentioned earlier during the meeting, as part of the Feasibility Study for CRS regionalization in Santa Clara County. The immediate need is us to retain the 280 points for Activity 510 FMP that are currently credited under the 2017 County of Santa Clara Multi-Jurisdictional Hazard Mitigation Plan (MJHMP).

Valley Water and Santa Clara County are looking into Valley Water possibly developing a separate flood-centric FMP rather than including it as part of the update of the County’s 2017 MJHMP. The proposed flood-centric FMP could have a direct tie-in to this initiative; however, it may not include the RLAA element as part of the FMP.

Valley Water has shared some grant opportunities Climate Change Resiliency, CAL Office of Emergency Services (OES) with our Grant’s Team. It was also mentioned, that under Valley Water’s Safe Clean Water, we have some community grants available to cities/county through our Grants Program.

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

Initiative #8 - Review and expand other public information activities, such as Flood Protection Assistance (Activity 360) and Flood Insurance Promotion (Activity 370)

This initiative ties in with the ongoing CRS regionalization efforts. We will see what recommendations come out of the draft Feasibility Study.

Initiative #9 - Develop a region-wide Flood Response Preparations (FRP) messaging plan

Demonstrated an electronic copy of the City of Santa Clara's FRP. As the PPI Committee has discussed in past meetings, we are still considering using the City of Santa Clara's FMP as a model for developing a countywide FRP that can be credited uniformly. ISO indicated this approach would likely be credited regionally.

- Discussed usage of Flood Event Kits that Valley Water provided to all communities at the end of October – early November 2022. We requested that communities share these flood preparedness resource materials with other appropriate departments within their organization.
- Provided a status update on the Feasibility Study for CRS Regionalization in Santa Clara County. Discussed the Multi-Jurisdictional Floodplain Management Plan (MJFMP) that Valley Water, its consultant, Tetra Tech, and all Santa Clara County communities will develop. This MJFMP will be a flood-centric FMP and separate from the update to the County of Santa Clara's 2017 Multi-Jurisdictional Hazardous Mitigation Plan (MJHMP).
- Reminded all CRS communities to review their flood information landing page *monthly* and to verify all links are valid and *annually* to ensure content is still relevant and current to comply with *CRS Activity 350 - Flood Protection Information, Element c*, *Flood Protection Website*, from the CRS Coordinator's Manual, CRS. They were also reminded to ensure their flood resources landing page re-directs to Valley Water's Flood Ready landing page, ValleyWater.org/FloodReady, FEMA's floodsmart.gov and ready.gov.

At the May 16, 2023, meeting, a draft 2021 PPI FY23 Annual Evaluation Report was briefly shared with the communities. The PPI Committee discussed that the FY22 Annual Evaluation Report was used as the starting basis for the FY23 Annual Evaluation Report. We reminded communities that the annual evaluation report will be due as part of communities' annual CRS recertification package, which will be due on August 1, 2023, or during scheduled 5-year cycle visits (*for Cities of Santa Clara, Palo Alto, Sunnyvale, and Mountain View*) which are tentatively scheduled to be conducted in November 2023.

Valley Water Communications staff presented an overview of the 2022-2023 Flood Awareness Campaign, including the annual FPM that was mailed in November 2022 to all addresses in the FEMA Special Flood Hazard Area (SFHA) and was also sent to city/town/county managers, public works and planning directors, and communities' staff at the end of December 2022.

Additionally, Valley Water Communications staff and their consultant, Probolsky Research, shared the FY23 post-campaign polling results the PPI Committee. It was determined that future flood awareness campaigns have an opportunity for expanded outreach to renters of both single-family homes and multi-family units, as well as providing localized historical flood information and outreach materials in public spaces. The FY24 Flood Awareness Campaign approach was discussed.

Valley Water shared the status on the Feasibility Study for regionalizing the CRS program in Santa Clara County. We are shared that Valley Water will be leading a flood-centric Multi-Jurisdictional Floodplain Management Plan (MJFMP) in lieu of including CRS requirements as part of the update of the County of Santa Clara's 2017 Multi-Jurisdictional Hazard Mitigation Plan (MJHMP).

There was discussion regarding forming a separate working group for communities scheduled to be cycled in November 2023 (Cities of Mountain View, Palo Alto, Santa Clara, and Sunnyvale). Valley Water will first meet with Marlene Jacobs, ISO CRS Specialist assigned to all Santa Clara County communities, to see what Valley Water can provide to streamline the document process for activities we perform that are creditable under the CRS program, and which said credit transfers to the CRS communities. In the July/August 2023 timeframe, a coordination meeting between Valley Water, ISO, and the communities scheduled to be cycled will be set up.

Valley Water CRS staff shared information on the Department of Water Resources (DWR) statewide agency coordination calls scheduled to begin by late June – early July 2023. The DWR calls lead up to the California Flood Preparedness Week (CFPW) held each October annually (*specific dates for October 2023 to be announced*). We

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

shared Valley Water's experience participating in these calls, including the benefits of learning about CFPW, what other agencies throughout the state are doing, ways to participate, setting up lobby displays for the public, and accessing available resources for public events. All communities were strongly encouraged to participate this year, including presenting a resolution (*Valley Water's template available upon request*) to their city councils to adopt CFPW and to forward information to other staff that can help promote flood-preparedness.

We also discussed the usage of the Flood Event Kits that Valley Water provided to all communities in late 2022. Communities were encouraged to use the Flood Event Kits at various city-hosted events, safety fairs, etc., where flood preparedness messaging and materials are shared with residents. These resources will ensure our messaging and information on how to 'Get Flood Ready' is uniformed throughout the county.

The group was asked if there was interest in Valley Water, in coordination with the California State Department of Water Resource (DWR), hosting CRS/ISO training required for Certified Floodplain Managers (CFMs) for their continuing education credit requirement. The group expressed interest; Valley Water will work with Robert Lampa of DWR to explore options to bring a four-day training course to California (*possibly Valley Water's facility*) sometime in early 2024.

We reviewed actions needed to complete the development of the 2021 Multi-Jurisdictional Program for Public Information (PPI) Annual Evaluation Report, FY 23 (*Year 2: July 2022 to June 2023*). This annual evaluation report is the second report for the 2021 PPI which documents our collective outreach project activities.

VI. FUTURE MESSAGING – Other New Initiatives

The PPI Committee identified several opportunities to expand on existing initiatives and initiate new ones as follows:

1. Continue and expand the standardized flood message prepared for each community to include flood messages in utility bills yearly, including PG&E.
2. Expand on partnerships with local chambers of commerce to disseminate and share flood preparedness information.
3. Expand on outreach to the Asian and Latino communities who live in flood-prone areas.
4. Expand on outreach to 'hot spots'/flood-prone areas by hosting on-site or virtual public events.
5. Expand the reach to local homeowners associations (HOA)s and apartment associations (*i.e., Executive Council of Homeowners [ECHO]*).
6. Expand the reach to residents in historically underserved and low-income communities through partnerships with organizations that serve these communities (*i.e., Second Harvest Food Bank and others*).
7. Communities could pursue FEMA Matching Funds Grants for severe Repetitive Loss Areas.
8. Review and expand other public information activities, such as Flood Protection Assistance (Activity 360) and Flood Insurance Promotion (Activity 370).
9. Develop a region-wide Flood Response Preparations (FRP) messaging plan.

The messages that the PPI Committee originally chose are still relevant to Santa Clara County. The committee will continue to increase its efforts to encourage people to prepare personal/family emergency plans and be Flood Ready. This will be incorporated into the flood preparedness outreach starting every fall. The PPI Committee will also continue coordinating efforts with Valley Water's Education Outreach Program to promote flood preparedness in local schools.

The PPI Committee recommends continued use of social media for messaging. Mobile usage among individuals has increased exponentially over the years, and online platforms are rapidly adjusting to mobile-friendly standards. This provides an excellent opportunity to modernize campaign ad efforts by utilizing social media and digital advertising to increase exposure and reach more residents in Santa Clara County. Furthermore, these modern advertising methods allow for specialized demographic targeting to reach a narrow and defined audience, improving the ability to reach vulnerable populations effectively.

In support of our preparedness messaging, the PPI Committee will continue to promote the importance of having family emergency plans and kits ready before an emergency/flood event occurs.

The PPI Committee will continue to promote the American Red Cross All-Hazard App which monitors alerts for

**Santa Clara County 2021 Multi-Jurisdictional Program for Public Information
Annual Evaluation Report for FY23 (Year 2: July 2022 to June 2023)**

severe weather, including floods, and the Floodsmart.gov and Ready.gov websites. The communities will distribute American Red Cross Emergency Contact Cards at events throughout the county.

VII. CONCLUSION

Overall, the CRS Users Group/PPI Committee successfully implemented the 2021 PPI in FY23. The 2021 PPI allowed PPI Committee members to mutually decide which flood risk reduction messages are most appropriate for our residents and identified how to effectively deliver these messages. The objectives of participating in the 2021 PPI are to enhance the effectiveness of the flood risk messages to residents, reduce flood risks within Santa Clara County, and to earn valuable CRS credit points when identified outreach projects are implemented.

The CRS Users Group/PPI Committee will continue their outreach efforts through FY24.

Attachments for submission to Valley Water Board, City Councils/Managers, and FEMA as part of 2023 Annual Recertification/5-year Verification Package, as required:

1. Members of the Santa Clara County Multi-Jurisdictional 2021 PPI Committee
2. Appendix A from 2021 SC County Multi-Jurisdictional PPI noting FY23 Project Accomplishments
3. March 21, 2023, Santa Clara County CRS Users Group Meeting Agenda**
4. March 21, 2023, Santa Clara County CRS Users Group Meeting Attendance Sheet
5. May 16, 2023, Santa Clara County CRS Users Group Meeting Agenda**
6. May 16, 2023, Santa Clara County CRS Users Group Meeting Attendance Sheet

** Meeting minutes are included in Section V of this report.

Table 1. Original Members of the Santa Clara County Multi-Jurisdictional 2021 PPI Committee

Community	Local Government Representative and Alternates	External Stakeholders
County of Santa Clara	Chris Freitas , Sr. Civil Engineer Neville R. Pereira , PE, Development Services Manager, Department of Planning and Development, Floodplain Manager	Marsha Hovey , CADRE Board Chair
Cupertino	Chad Mosley , Assistant Public Works Director/City Engineer, Public Works Department, Floodplain Manager Jennifer Chu , Senior Civil Engineer Public Works Department	Jim Oberhofer , Emergency Coordinator Cupertino ARES/RACES
Gilroy	Gary Heap , City Engineer Public Works Department Jorge Duran , Senior Civil Engineer, Floodplain Manager Public Works Department	Merna Leal , City of Gilroy resident
Los Altos	Steven Golden , Senior Planner, Floodplain Manager Andrea Trese , Associate Civil Engineer	Christopher Wilson , Operations Manager, Los Altos Suburban District, California Water Company
Los Altos Hill	Carl Cahill , City Manager, Floodplain Manager Nichol Bowersox , Public Works Director/ City Engineer Christine Hoffmann , Assistant Engineer (DPW)	Phil Witt , General Manager Purissima Hills Water District
Los Gatos	WooJae Kim , P.E, Town Engineer Parks and Public Works, Floodplain Manager	Annamaria Swardenski , Swardenski Consulting
Milpitas	Steven Erickson , City Engineer/Engineering Director, Floodplain Manager Kan Xu , Principal Civil Engineer, Engineering Land Development Section Brian Petrovic , Associate Civil Engineer Engineering Land Development Section Elizabeth Koo , Administrative Analyst, Engineering Land Development Section	Warren Wettenstein , Chairman of the Economic Development & Trade Commission and President of the Milpitas Chamber
Morgan Hill	Maria Angeles , Senior Civil Engineer, Floodplain Manager, CFM Charlie Ha , Supervising Civil Engineer Engineering & Utilities Department	Swanee Edwards , City of Morgan Hill resident
Mountain View	Renee Gunn , Senior Civil Engineer, Public Works Department Gabrielle Abdon , Assistant Engineer, CFM	Kevin Conant , PG&E
Palo Alto	Rajeev Hada , Project Engineer, CFM Public Works Department, Engineering Services Division, Floodplain Manager	Dan Melick , CERT Volunteer City of Palo Alto resident
San Jose	Arlene Lew , Principal Engineering Technician Vivian Tom , Senior Transportation Specialist Department of Public Works Development Services Division	Shari Carlet , City of San Jose resident, certified Floodplain Manager
Santa Clara	Evelyn Liang , Senior Civil Engineer Falguni Amin , Principal Engineer Public Works – Engineering	Kevin Moore , Retired City Council member
Saratoga	David Dorcich , PE, QSP/D, Associate Civil Engineer, Community Development Department, Floodplain Manager	Rebecca Gallardo , Real Estate Agent for Interio, a Berkshire Hathaway Affiliate, servicing all areas of the Bay Area
Sunnyvale	Tamara Davis , Senior Management Analyst	Jeff Holzman , Director, Real Estate District Development Google Agnes Veith , City of Sunnyvale resident
Valley Water	Trisha Howard , Program Administrator Paola Giles , Public Information Representative III Sherilyn Tran , Office of Civic Engagement Unit Manager	Nikki Rowe , American Red Cross

Note: Since the development of the 2021 PPI there may have been changes to a community's 2021 PPI Committee members (either the local government representatives and/or the external stakeholders). Those member changes are noted on the meeting attendance sheets.

			(CUP OP #03) Flood notice in the local newsletter, “The Cupertino Scene” (Topics 1-9)	City of Cupertino	Each October or November issue	N/A	Cupertino published the annual flood preparation article in the October 2022 issue of “The Cupertino Scene”.
			(LA OP #04) Two (2) newspapers ads, in the Los Altos Town Crier (Topics 1-5)	City of Los Altos	Each fall	N/A	Los Altos published two newspaper ads titled “Assess Your Flood Risk and Flood Insurance Availability” on 10/5/22 and on 10/19/22 in the Los Altos Town Crier.
			(LAH OP #05) The town’s “Our Town” quarterly newsletter includes information on flood preparedness. The newsletter is mailed out town-wide and is also available online on the town’s website (<i>Topics TBD during cycle visit</i>)	Town of Los Altos Hills	Each fall	N/A	Town of Los Altos Hills: No update available - non-CRS participating community.
			(LAH OP #06) The town distributes various flood preparedness and safety materials at events, including Valley Water’s annual floodplain mailer and promotional item (e.g., emergency starter kits, Get Flood Ready Emergency Supply Checklist tote bags, etc.), FEMA flood insurance information, ReadySCC, and American Red Cross Flood apps, AlertSCC, sandbag guidelines, flood protection project-specific notices, FEMA NFIP materials, and preparedness activity/coloring books, etc.) to the public	Town of Los Altos Hills	Annually, spring and late summer	N/A	Town of Los Altos Hills: No update available - non-CRS participating community.
			(MIL OP #07) “Flood Public Advisory” brochure to community at large (Topics 1-6)	City of Milpitas	Each December or January	N/A	Milpitas: A utility bill insert was sent to every address in Milpitas on 11/16/22. This was sent out in four languages (English, Vietnamese, Spanish, and Chinese).
			(MH OP #08) Sends a citywide “Flood Report” brochure (Topics 1-9)	City of Morgan Hill	Annually, close to or during the start of the rainy season	N/A	It is anticipated that the City of Morgan Hill will mail out citywide the “2023 Flood Report” in late June 2023 or sometime in July 2023.
			(MV OP #09) Sends “The View” citywide newsletter, Winter version, includes information on flood risk, flood safety, and the importance of buying flood insurance (Topics 1-9)	City of Mountain View	Fall newsletter edition	N/A	Mountain View’s publications have been updated. This year in March 2023 after a large round of storms we provided information (link to webpage, reporting flooding, sandbags) in the “City Hall Connection” which is sent to all registered users in the city.
			(MV OP #10) Mails a utility bill insert to all resident and businesses that contains information on flood risk, flood safety, and the importance of buying flood insurance (Topics 9)	City of Mountain View	Between July - September	N/A	Mountain View sent out Valley Water’s Get Flood Ready flier as a utility billing insert to every City utility customer in December 2022.
			(PA OP #11) Sends the “Are You Ready for Winter Storms?” flier (aka utilities insert) to all residents and businesses in the City, along with their utility bills (Topics 1-9)	City of Palo Alto	Each Fall	N/A	Palo Alto sent “Are You Ready for Winter Storms?” fliers to all residents and businesses along with their utility bills in October 2022. The social media ad campaign (i.e. Facebook, Instagram, Nextdoor) was also included in the utility bills that went out in October 2022.
			(PA OP #12) Sends out utility announcement, “Anytime it can rain, it can flood. Don’t get caught off-guard” (Topics 1, 2,3, 4, 5, 6, 7, & 9 – <i>will pursue adding other topic</i>)	City of Palo Alto	Each March/April	N/A	Palo Alto sent a utility announcement as an informational announcement on utility bills went out in December 2022. Effective FY 23, the City’s Public Works Department has

							<p>toolkit provided links to the multilingual floodplain mailer, Flood Can Follow Droughts 2001-2023 Timeline, ‘Are You Flood Ready?’ postcard, and social media graphics and videos, that included messages for all nine flood awareness tips (PPI CRS message topics), and blog posts for all Santa Clara County communities to use. https://www.dropbox.com/s/p438zrw8lwi614r/Flood%20Awareness%202022-2023%20Partner%20Toolkit.pptx?dl=0.</p> <p>During FY23, Santa Clara County experienced a drought emergency. Valley Water’s annual FPM reminded everyone that flooding can happen anytime it rains, and that climate change has made extreme weather the new normal. Drought conditions can harden the ground and increase run-off to streams and creeks during the first few days of heavy rain, increasing the risk of flooding. In addition, the flood mailer showcased Valley Water's ongoing flood protection projects in areas susceptible to flooding.</p> <p>In FY23 the FPM featured a QR code, a cling with important flood safety websites, a detachable emergency phone list, photos of our most recent flood protection projects and a graphic image displaying how historical floods have followed droughts in Santa Clara County (<i>see below attached “Santa Clara County Floods & Droughts Timeline [2001-2023]”</i>).</p> <p>Valley Water also deployed a small-scale multilingual social media campaign, with the slogan "Flooding can happen during a drought," on social media and web platforms. The campaign launched in Winter FY23, starting with the season's first rains, and continuing through March 2023.</p> <p>At the May 16, 2023 CRS Users Group/PPI Committee Meeting, Adam Probolsky shared the FY 22-23 post-campaign polling results.</p> <ul style="list-style-type: none">• 39% recalled receiving mail with information about flood safety (59% in 2021-22).• 64% are confident they have taken all necessary precautions to protect themselves from floods (76% in 2021-22).• 43% rate the job Valley Water is doing at keeping them informed as excellent, good, or fair (61% in 2021-22).

			(ALL OP #103) Other New Initiatives <u>(as noted in the PPI document)</u> 1. Continue and expand the standardized flood message prepared for each community to include flood messages in utility bills each year, including PG&E. 2. Expand on partnerships with local chambers of commerce to disseminate and share flood preparedness information. 3. Expand on outreach to the Asian and Latino communities who live in flood prone areas. 4. Expand on outreach to “hot spot” flood prone areas by hosting on-site or virtual events. 5. Expand on reaching local homeowners associations (HOA)s and apartment associations (i.e. Executive Council of Homeowners [ECHO]) 6. Expand on reaching residents in marginal and low-income communities through partnering with organizations that reach these communities. (i.e. Second Harvest Food Bank and others) 7. Communities could pursue FEMA Matching Funds Grants for severe Repetitive Loss Areas. 8. Review and expand other public information activities, such as Flood Protection Assistance (Activity 360) and Flood Insurance Promotion (Activity 370). 9. Develop a region-wide Flood Response Preparations (FRP) messaging plan.	All	TBD	TBD	<p>held on November 15, 2022. Flood resources were also shared at these events.</p> <p>The 2021 PPI Committee identified three efforts needed from each CRS community per the 2021 PPI in order to prepare and finalize subsequent annual evaluation reports. One of those efforts is that the PPI Committee must review and consider the ‘Other New Initiatives’ identified in the 2021 PPI (page 66) for advancing flood risk reduction efforts.</p> <p>The Santa Clara County CRS Group/PPI Committee, included the ‘Other New Initiatives’ topic for discussion at both the March 21, 2023 and May 16, 2023 meetings. See Section V. SC County CRS Users Group/PPIM Committee Meetings - Monitoring and Evaluating the 2021 PPI in the FY23 Annual Evaluation Report for details regarding the review/discussion of the nine other new initiatives.</p> <p>In FY 23, the following ‘Other New Initiatives’ were accomplished. The below-noted numbers correspond with the initiatives listed as (ALL OP #103) on left side of this column:</p> <p>1. Valley Water offered assistance with developing utility bill inserts to all communities. The insert tied into Valley Water’s FY23 Flood Awareness Campaign theme, “Our Climate Has Changed.” The utility bill insert/mailer/flier were co-branded with 3 communities.</p> <p>3. Targeted mailers (FPM and trifolds) addressed to all those in the FEMA SFHA were mailed out (see page 7 of the Annual Evaluation Report) and were multi-language which included Spanish, Vietnamese, and Chinese.</p> <p>4. Valley Water’s ‘Let’s Talk Water: Speakers Bureau Program offers presentations on the history of Valley Water and how we operate and includes information on flood preparedness. Presentations can be customized for groups, as requested. Several HOA’s were given presentations that included flood preparedness information (see page 15 of the Annual Evaluation Report).</p> <p>Discussion at the March 21, 2023 CRS Users Group/PPI Committee meeting, Valley Water pointed out that the ArcGIS tool has several layers, including Santa Clara County Low Income Census Tracts (Poverty Zones) and Valley Water Flood Hot Spots. If any community is</p>

							Valley Water has shared some grant opportunities Climate Change Resiliency, CAL Office of Emergency Services (OES) with our Grant’s Team. It was also mentioned that under Valley Water’s Safe Clean Water, we have some community grants available to cities/county through our Grants Program. 8. Discussion at the March 21, 2023 CRS Users Group/PPI Committee meeting it was discussed that this initiative ties in with the ongoing CRS regionalization efforts. We will see what recommendations come out of the draft Feasibility Study. 9. At the March 21, 2023 CRS Users Group/PPI Committee meeting, Valley Water demonstrated an electronic copy of the City of Santa Clara’s FRP. As the PPI Committee has discussed in past meetings, we are still considering using the City of Santa Clara’s FMP as a model for developing a countywide FRP that can be credited uniformly. ISO indicated this approach would likely be credited regionally.
			(CUP OP #104) The city provides a Winter Preparedness notification informing contractors that during the winter season, they need to winterize their project(s) site as certain soil disturbance activities are not allowed during the rainy season	City of Cupertino	On a project-specific basis	Various contractors	Cupertino continues to prepare and mail the rainy season letters every year to applicable projects. These letters were mailed in late August 2022.
			(MIL OP#105) On a project-specific basis, the city provides contractors a Winter Preparedness notification that informs them that during the winter season, they need to winterize their project(s) site. Certain soil disturbance activities are not allowed during the rainy season	City of Milpitas	On a project-specific basis	Various contractors	Milpitas: On-going. The City of Milpitas will be sending out winterization notices to larger development projects this winter.
	<u>Topic 2:</u> Insure your property for your flood hazard Message 2A - Get flood insurance ahead of time Message 2B – Insure your property Message 2C – There is a 30-day waiting period for the policy to take place	Increase in number of flood insurance policies in the SFHAs and in the county in general	(MH OP #106) The city mails out a newsletter, “Ask Before You Buy: Know Your Flood Risk!” to local real estate agents which are provided to homebuyers to help determine the flood risk of the property being purchased <i>(listed in Appendix B)</i>	City of Morgan Hill	During or prior to the rainy season	Real Estate Agencies/Agent	Morgan Hill will be sending the brochure to real estate agents in June 2023.
		Prospective buyers understand flood risks	(PA OP #107) Sends out letters to real estate agencies informing them of their responsibility to identify flood hazard areas and to take advantage of the Flood Zone Lookup on the city’s website	City of Palo Alto	Annually, beginning of flood season (September/October)	Real Estate Agencies/Agent	Palo Alto sent letters to real estate agencies informing of their responsibility to identify flood hazard areas in August 2022.
		<i>These projects are credited under Activity 340 (DFH and REB) – Additional credit is provided if the PPI states that real estate agents should (or have agreed to) advise house hunters about the flood hazard and that real estate</i>	(SJ OP #108) Sends out letters to real estate and insurance agencies and lenders, informing them of their responsibility to identify flood hazard areas and to take advantage of the Flood Zone Lookup on the city’s website on the “Flood Hazard Zones webpage and advises to contact the city for map reading services and elevation certificates on file	City of San Jose	At the beginning of the flood season (September – December)	Real Estate Agencies/Agent	San Jose emailed letters to real estate, insurance agencies and lenders in March 2023.

9.	Adjourn		

For questions, please contact Amy Fonseca at (408) 630-3005 or afonseca@valleywater.org

Excerpt from 2017 CRS Coordinator's Manual:

"Step 7: Implement, monitor, and evaluate the program. The Program for Public Information committee meets at least annually to monitor the implementation of the outreach projects. The committee assesses whether the desired outcomes were achieved and what, if anything, should be changed. This work is described in an evaluation report that is prepared each year, sent to the governing body, and included in the annual recertification.

The community must update its Program for Public Information at least every five years. This can be a new document or an addendum to the existing document that updates the needs assessment and all sections that should be changed based on evaluations of the projects.

The Program for Public Information update will be reviewed for CRS credit according to the *Coordinator's Manual* currently in effect, not the version used when the community originally requested this credit. The update can qualify as the annual evaluation report for the year it was prepared. The updated Program for Public Information must be adopted following the same process as adoption of the original document."

Santa Clara County CRS Users Group / PPI Committee Meeting
